Re: Community Meeting Postponed Due to the Provincial Election

We're writing to let you know that the Woodfibre LNG Interconnection Stage 2 community meeting scheduled for October 14 in Squamish has been postponed.

With a provincial election having been called, BC Hydro, as a Crown corporation, has an obligation to remain impartial during the interregnum period, which continues until a new government is sworn in. As a result, we are pausing planned public engagement activities, including the October 14 community meeting.

We anticipate rescheduling the meeting once the interregnum period has ended and engagement activities can resume. We'll confirm the new date and share updated meeting details as soon as they are available.

The project information shared in our September 15 update remains available at WLNGLInterconnectionStage2.com.

We recognize that residents and stakeholders have been looking forward to the opportunity to ask questions and discuss the project with our team, and appreciate your patience as we work to reschedule the meeting.

Thank you,

Jason Macnaughton
Stakeholder Engagement Advisor, Capital Projects
BC Hydro
